for CAMLET-2

1. ZIPPER has made a preliminary check on its sources within the USIG complex. Some of them have recently fled to the West. We have requested real names of those now in the West so that BOB can establish contact to them if they wish to do so. ZIPPER's only reservation on this would be in cases where they still have an operational interest in the individual.

2. We have the following sketchy information on the USIG complex sources:

b.V-3008 : Works on the "Telegraf" in West Berlin, and had, or has contact to USIG.

FOR BOB: V* 3008, of 2b is identical with BOB's CAMLET-2 on whom we have submitted lengthy dispatches.
